Frances W. Williams, Montara, one child, on motion of Francis, seconded by Blackburn.

Rosie Enos, Halfmoon Bay, two children, on motion of Francis, seconded by Blackburn.

Josie Marsh, Halfmoon Bay, five children, on motion of Francis, seconded by Blackburn.

On motion of Blackburn, seconded by MacBain, Auditor Underhill was authorized to employ an extra clerk for twelve days at $2.50 per day to prepare his report for the State Controller.

Surveyor Neuman reported that he had looked into the feasibility of joining the county's mountain road with the State road, soon to be constructed from Santa Clara county into the State Redwood Park. Santa Clara county will cooperate in the movement.

Professor Wing of Stanford University addressed the board in reference to the joint survey of the State road by San Mateo, Santa Clara and Santa Cruz counties. Referring to the movement to connect this county with the State road on the mountain top, Professor Wing stated that the undertaking might be accomplished without great expense. Many of the owners were ready to give the rights of way and a large part of the road is already built. He spoke of the beautiful scenery that would be presented by such a road.

MacBain who at the last meeting had been appointed with the surveyor to report on the advisability of this county paying a part of the cost of making the survey of the State road from Santa Clara county into the Redwood Park, moved that $300 be appropriated for that purpose. He was seconded by Casey and the motion carried.

A petition signed by E. A. Bohm and other citizens of San Bruno was read, asking that Sylvian avenue be opened across the railroad into Belle Air Park, the purpose being to afford that section greater protection from fire and to shorten the distance between the two places for the convenience of the citizens, and school children.

The petition was accepted on motion of Casey, seconded by MacBain, and referred to the District Attorney.

A communication was received from the Railroad Commission informing the board that applications for similar crossings at San Bruno were under consideration by that body.

A communication was received from the State Highway Commission acknowledging the receipt of an ordinance passed by the board of trustees of Daly City turning over to the county by that municipality the streets through Daly City for the State Highway.

A communication was received from the Sweetzer & Baldwin Safe Company of Los Angeles, acknowledging the receipt of the board's order for supplies for the Treasurer's office in the courthouse.

J. H. Moore of 1691 Bush street, San Francisco, complained in a communication that the automobilists were ignoring the speed laws in the First township. The communication was accepted and filed.

Davenport Bromfield complained in a letter to the board that he was being discriminated against by Surveyor Neuman. He had been employed by J. A. Folger to assist in making the survey for the new road through Mr. Folger's property, but Mr. Neuman refused to work with him, necessitating the employment of a city engineer by Mr. Folger. The communication was accepted and filed on motion of MacBain, seconded by Casey.

This being the date for receiving bids for the joint county bridge to be erected across the San Francisquito creek by San Mateo and Santa Clara counties, the clerk was directed to proceed with the opening of bids.

A telegram was received from A. Teichert and Son of Sacramento, giving the amount of their bid. The communication was accepted and filed but not acted upon.

A bid was received from H. B. Morey offering to construct the bridge for $12,414.

The matter was continued until afternoon to hear from Santa Clara county, whose Board of Supervisors was receiving bids for the same job.

James T. O'Keefe, representing residents of San Bruno, presented a petition for the incorporation of that place signed by Fred C. Allen and over one hundred others.

D. J. Lynch, F. C. Russell and A. A. Lo Roux of San Bruno were sworn and testified that the petition had been circulated by them and that all of the signatures were genuine.

A lengthy petition signed by residents of the Millbrae school district was presented, protesting against any part of that district being included in the proposed incorporation of San Bruno.

On motion of MacBain, seconded by Francis, the matter was postponed until the first meeting in August and in the meantime Mr. O'Keefe is to prepare a map of the proposed incorporation.

Edw. F. Fitzpatrick presented a petition signed by Peter Faber and others asking that Maple and Grove avenues west of Menlo Park be abondoned and closed.

N. B. Smith testified that he was familiar with the avenues that it was desired to close. It was the intention of the petitioners to provide a new roadway to take their place.

A resolution was adopted on motion of MacBain, seconded by Blackburn, ordering Grove and Maple streets closed and abandoned.

Judge Fitzpatrick then presented the deeds for a new right of way to take the place of the abandoned avenues. The deeds were accepted and ordered recorded.

Lee T. Ross presented a map of Burlingame Hills which was accepted by resolution adopted on motion of Casey, seconded by MacBain.

Adjourned for the noon recess.

Afternoon Session.

The board reconvened at 1.30, all of the members being present.

The bid of A. Borel for twenty-five of the county's road bonds was laid over until the next meeting.

A resolution was adopted on motion of Casey, seconded by Blackburn, temporarily transferring $2000 from the First road district to the Fifth road district.

MacBain presented plans for a concrete arch across Dry Creek at Woodside, which were accepted on his motion, seconded by Francis and the clerk directed to advertise for bids for constructing same.

On motion of Blackburn, seconded by Casey, the bid of H. B. Morey for the San Francisquito bridge was rejected and the awarding of a contract was left to the supervisors of Santa Clara county, a lower bid having been received by that body.

The assessment rolls of the county showing valuation of $30,504,715 were presented by Assessor Hayward and adopted on motion of Blackburn, seconded by MacBain and the rule of giving three days' notice before raising or lowering assessments was adopted.

FORESTERS OF AMERICA PLACE CORNER-STONE

The cornerstone of the fine hall which Court Madrone, Foresters of America is erecting at the corner of Phelps and Maple streets, was laid with elaborate ceremony on Sunday afternoon. Fully 1500 persons were present at the exercises, which were also attended by many of the grand officers and members of the order from the neighboring towns.

The visitors from the south were met at the station at 2:30 by the reception committee and the local Foresters' band. They included the courts from San Jose, Santa Clara, Mountain View, Mayfield and Palo Alto. Accompanying them was the Santa Clara band.

At 2:40 the Grand Officers and the crack drill team of Entre Nos Court of San Francisco arrived. A procession was formed at the station led by the two bands and proceeded to the site of the new hall on Phelps street where the cornerstone exercises took place.

A. S. Liguori, the Deputy Grand Chief ranger, presided and after briefly addressing the assemblage, introduced Mayor George A. Merrill, who complimented the members of Court Madrone for their public spirit and extended a cordial welcome to the visitors to Redwood City.

The next speaker was the Grand Chief Ranger of California, Wm. M. Klinger, who spoke of the merits of the organization, the duty of every Forester and the prosperity of Court Madrone, stating that Court Madrone was one of the Grand Lodge's brightest stars, after which the Grand Chief Ranger, assisted by the Supreme Chief Ranger of the United States, Hon C. P. Rendon of Stockton, laid the cornerstone. Within the receptacle were placed the rcords of the court, copies of the local papers and a history of the hall movement. Mrs. J. M. Kearse sang the "Star Spangled Banner."

After laying the cornerstone, Judge Rendon, a most eloquent orator, gave an instructive address to the assemblage.

Grand Secretary Jos. B. Reboli was next introduced and spoke of the prosperous condition of the order in California.

Grand Treasurer Frank Conklin referred to the flourishing condition of the finances of the order, and said that the people of Redwood should be proud of Court Madrone for erecting such a magnificent building in their city.

Last of all the chairman introduced J. J. Read, the father of Court Madrone, who made a few very appropriate remarks, and invited the visitors to accompany the band to the ball park to witness the game between San Mateo and Redwood. This concluded the exercises which were most successfully carried out.

Mrs. Henry Mourot of San Francisco visited her parents, Mr. and Mrs. Geo. W. Lovie, over the week-end.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

THE COURAGE OF HIS CONVICTIONS

At least former President Taft had one advantage over the present chief executive of the Nation in dealing with Congressional action—he had the courage of his convictions. This is strongly exhibited in the action of the two men in the exercise of the veto right in connection with the sundry civil appropriation bill.

It will be called to mind that in the closing hours of his term Mr. Taft vetoed the bill passed by the last Congress because of his opposition to that clause of the bill which prohibited the expenditure by the Department of Justice of any part of the money appropriated in the prosecution of labor unions or farmers' organizations. A bill of practically identical character, carrying this same privilege, was recently signed by President Wilson.

In giving his approval to the bill, however, President Wilson was careful to make it known that the reason he attached his signature to the measure was that he felt he could do so without in fact carrying out the intent of Congress and that a means could be found of circumventing the intended limitation of the Department of Justice to prosecute whomsoever might be considered violators of the law. Mr. Wilson in his statement plainly intimated that he was opposed as strongly as was his predecessor to the prohibitive clause of the bill, but at the same time he assured the country that other appropriations could be found available out of which the Department of Justice might find ample funds with which to enforce the law as he considered it should be.

To the average citizen it would seem that if President Wilson was fundamentally opposed to the limitations and restrictions imposed in the bill as passed by Congress he should have followed the manly example of his predecessor and refused his approval. His action seems tantamount to saying to Congress "I don't believe in your bill because it exempts certain organizations from prosecution under the Sherman law, but we will take the money it provides and will at the same time, in spite of your inhibition, permit the Department of Justice to prosecute whom it will out of other public funds."

Numerous complaints have been made to this office lately regarding the absence of an officer from the ball games. Admirers of the respective teams in their enthusiasm some time forget themselves and use inaguage unfit to be heard by ldaies. The presence of an officer might have a curbing effect so that young women may attend these contests and not be subject to insult. Of course no insult is intended but the game arouses such enthusiasm that men lose their presence of mind, forgetting that they are in the presence of ladies.

REDWOOD CITY TRUSTEES GRANT NEW CONTRACTS

Los Angeles interests were in evidence and turned the trick at Monday night's meeting of the city council and did it very neatly. The lure of the evening was a fat street-work contract and President Merrill intimated that a few remarks from prospective contestants might be the proper thing. It was probably a foregone conclusion that Los Angeles names would figure in the scrapping for that contract, but their representative evidently relied upon his bid and not upon his talking abilities, although he was a good talker, a clever actor and a diplomatic man. Instead, he tactfully urged the point that if his firm secured the contract his people would be found well established, responsible, extensive operators in street improvements, and able to make good on their work as well as to quote close figures.

On Monday night, also, the typical council crowd was there, same as usual—interested bidders, men with rock samples in canvas sacks that were afterwards bunched upon the council tables, samples of rock that would soon be transmuted into gold, seventy thousand dollars worth of it. Also there were present a sprinkling of oldtime politicians, and contract men that had grown rich, fat, independent or otherwise, just as Fate shuffled the cards, with others just "looking on" to see how the game was played.

Disposing in due course with the routine work, the main proposition of the evening was reached—opening of bids for grading, macadamizing and oiling certain streets and avenues as providel in the council's resolution of June 17th, and recently published. The bidding was on each item or class of work—grading, macadamizing, oiling, etc. After the bids were received the figures named in the bids had to be experted to find out what the total amount would be, based on the number of square feet or cubic yards to be included. The bidders thereon and the total amount so computed were as follows:

C. Lindgren. Burlingame, $87,498.

Flynn & Tracy, San Francisco, $82,357.

John R. Ott Construction Company, Los Angeles, $70,000.

The contract was thereupon awarded to the John R. Ott Construction Company. Their bid itemized is as follows:

For grading (cutting), per cubic yard, 40 cents; grading (filling), per cubic yard, 74 cents; macadamizing, per square foot, 6.9-10 cents per square foot; oiling 3-4 cents per square foot.

The same company's bid for installing the sewers which was accepted, was as follows: Eight-inch 50 cents per lineal foot; 6-inch 45 cents; 4-inch 40 cents.

Bids on poles for the town lighting system were received but not acted upon, as the bids were not very clearly specified and it was deemed best to pass the matter for the time being.

An informal talk on the subject of preserving the town's rights in its water frontage and to have the same surveyed and defined, indicated that our tidal rights were growing valuable and must be guarded against appropriation.

Owing to pressing business matters, Trustee Hahir asked that Trustee Deleau be appointed in his place to act with the Portola Celebration general committee in San Francisco and represent San Mateo county's interests—and it happened that way.

Marshal Coleman was appointed a delegate to the convention of fire chiefs to take place at Tacoma in August. Chief Winter was unable to attend and recommended the appointment of Mr. Coleman, who is his first assistant.

LESLIE W. BRADEN MEETS WITH FATAL ACCIDENT

Leslie Wm. Braden, a well known resident of this city, in the employ of the Pacific Gas and Electric Company, was instantly killed at San Jose Tuesday morning by coming in contact with a highly charged electric wire.

The deceased, who had been in the employ of the company for six or seven years, with two other men, had been assigned to the duty of uniting cables connecting with a 7000-volt line that carries power to the relay station at Saratoga for the cars of the Peninsula Railway Company. In order to complete the job before the current should be needed they had gone to work about 4:30 o'clock, and, when they were about through with the job, Braden, who was at the switchboard, in some unknown manner, came in contact with the powerfully charged wire and died almost instantly.

The news of the happening was phoned to this city and when Mrs. Braden was told of the death of her husband she was prostrated with grief.

Mr. Braden was a native of Hollister, aged 28 years and 6 months. He is survived by his parents and his wife and two children, a boy and girl. He was a faithful and competent employe and his loss is deeply felt by the officials of the gas and electric company. The deceased was past precident of Redwood Parlor of Native Sons and vice grand of Bay View Lodge, I. O. O. F.

The funeral took place Thursday forenoon. At the conclusion of the services at the Congregational church by Rev. J. W. Bryant of Napa, an old friend of theee family, the remains were placed on the 12:29 train and interment was in Woodlawn cemetery, Colma. The great number of floral offerings attested the popularity of the deceased.

New Actions in Superior Court.

The East San Mateo Land Company has commencedan action in the Superior Court against the Southern Pacific Railroad Company, to recover the sum of $77,800, for nearly four acres of land at San Mateo used as a right-of-way for its tracks. The complaint alleges that the land in question was sold to the company by Alvinza Hayward in 1862, and, according to the deed excuted at that time the property was to revert to the owner, his heirs, assigns, etc., after a period of fifty years, or when the franchise of the company would expire. The franchise expired in August, 1910, and now the successors in ownership, the East San Mateo Land Co., makes a demand for $77,800, the alleged value of the property at this time. A similar suit was filed in the Superior Court some time ago by the heirs of the late John T. Doyle, at Menlo Park. They won the suit, recieving something like $7000 per acre for ten acres of land located at Menlo Park.

H. C. Sawyer has brought a suit in partition in the Superior Court against Lucius L. Solomons, special administrator of the estate of Mary Adams, deceased. The estate owns an undivided one-half interest in twenty-four acres of land on San Francisquito creek. near Menlo Park, and plaintiff owns the other interest. Sawyer asks that the property be partitioned, but if this is not satisfacory to all concerned, that the land be sold and the receipts of the sale be divided between the respective owners.

Baptist Congregation Active

Editor Times-Gazette:—We desire to refute a persistent rumor, for some years floating around town, that there is no regular Baptist church in Redwood City in full affiliation with the denomination, only four of five detached members The fact is, the First Baptist church of Redwood City has existed for forty-five years, though always small and a part of the time holding no regular meetings. But since Rev. C. A. Parker became our pastor in January, 1906, regular services have been maintained. We are in full affiliation with the denomination, being a part of the San Jose Association, and the State Convention of Baptist Churches. We are also a part of the great Northern Baptist Convention, to whose annual meeting, held in Philadelphia, June 1911, our pastor was an accredited delegate from this church. For the past year we have been trying to repair our church building and construct a parsonage. Some $2000 have gone into this work already, but it is not yet finished, and our pastor is earnestly seeking funds sufficient to give us a plant such as the town demands. About $400 more is needed. While the work of repair is going on, our services are held in the parsonage that adjoins the auditorium on the south. We trust this statement of facts will settle, in the minds of the people of Redwood City, the question as to whether there is a living, regular church of the Baptist faith and order in this town.

It was a sure sign among the Indian tribes that inhabited this valley years ago that a big red-berry crop meant a very rainy season. VARNO-LAC

It's also good for floors. It will stand hard wear, because it's made from the best floor varnish. Varno-Lac not only renews, but it also stains and varnishes at one application. You can change oak or pine to a mahogany or walnut or dark oak finish, or any of the expensive hard wood finishes. And it's easy to do—you can do it yourself.

Our book, "Home Decorating" tells you how to do all kinds of home painting at trifling cost.
